About This Game

2048 is a classic puzzle with a simple goal; reach 2048.

Move your tiles across the grid and merge identical numbers into one. Plan ahead and watch out for new tiles spawning, that may prevent you from joining your numbers. Play on different board sizes and compete with people from all over the world, for your place on the leaderboards.

Build upon the original 2048, this new version expands the gameplay further with multiple board sizes, game modes, achievements, leaderboards, a night mode, cloud saves, and more!
